Lemon Grove Man Elected 'Indoor Sports' President

Gerald D. Phillips, 2247 Debo Dr., Lemon Grove, was elected president of the Southern California-Nevada unit of the Indoor Sports Club, Inc., at a recent meeting in Long Beach. The club is an international organization with the purpose of helping to socially rehabilitate physically handicapped persons. District One, taking in southern California and southern Nevada, has 19 chapters and a membership over 600. Phillips, an industrial specialist with the U. S. Navy Public Works Center in San Diego, has been handicapped since he was stricken with polio 18 years ago. In an interview he explained:

"One of the purposes of the club is to get people out of the house among other people. Just because a person is handicapped is no reason they should not lead normal lives.

"New people who come to our meetings or activities find we're all working, bowling, and even traveling all over the country," he said.

The Phillips family is active in community affairs in Lemon Grove. The couple's children are Michael, 11, and Jan, 8.

Anyone interested in obtaining more information on the club may phone Phillips at 466-5543.

A Simple Statement on Medicare

The \$6 billion dollar medicare bill is expected to reach the floor of the Senate early in July and with it will ride the type of medical services you will get for evermore.

The issue in the bill is simple. Shall you let medical payment go through governmental organizations, or shall you pay directly to our doctor?

There is much to be said for medicare if you anticipate a medical problem of major proportions. In such a case your medical expenses would be shared by other Americans. Elderly persons will gain benefits beyond their expectation to ever repay. This benefit needs no explanation.

It will still be possible to get, and pay for, personal consideration of your private physician under medicare although you will be paying a medicare tax, via withholding arrangements. The problem will be that of your physician finding the time to give you the attention you feel you should be getting as a private patient as opposed to a medicare patient.

Nothing will change, the proponents say. Maybe it won't but let's look at the item printed recently in the New York Times. It read: "Accrington, England—Derek Johnson, 25 years old, was informed by health authorities recently that he could have his tonsils taken out soon at the local hospital. He had been on the hospital's waiting list for ten years."

They Owe It—Let's Collect!

The Special Committee on United States Trade Relations with European Countries and the Soviet Union recently filed a report of its findings to President Johnson.

The Committee, comprised of a group of high level businessmen, urged the President to "secure recognition of the validity of any financial claims outstanding and to obtain reasonable settlement of such claims." The President was also urged to commit negotiators to "hard bargaining."

The idea would be to pay up and then trade.

It is a refreshing idea and it comes at a time when many lawmakers are considering a relaxation of trade policies with Communist satellites of Russia. Two of the countries to be dealt with are Czechoslovakia and Hungary.

Czechoslovakia ships arms to Castro Cuba and Communist Viet Cong, permits mob attacks on the U. S. Embassy in Prague, and "bugs" the U. S. Embassy with listening devices.

Czechoslovakia has owed American citizens and business corporations more than \$100 million for property its government nationalized. Hungary owes Americans more than \$80 million for seized properties.

An example of how perverse a government can become is the case of Sukarno's Indonesia which has taken more than a billion dollars in foreign aid from the U. S. and is now holding hands with Chou En-lai of Red China for aid in conducting his war against Malaysia.

Hungary and Czechoslovakia have been attempting to escape the responsibility of these debts which were established by the Foreign Claims Settlement Commission. They must not be permitted to do so.

The policy is apparently in effect against Yugoslavia, Poland, Rumania and Bulgaria and should be applied with equal vigor against the Czechs and the Hungarians.

The President's Committee spent considerable effort to develop the presidential report. It is a sound report. The President should follow its advice.

Landlords Slate Meeting to Deed Land to County

Members of the recently formed Lemon Grove Landlords' Association will meet Friday at 11 a.m. at Michael's Restaurant to take the first steps in deeding some of their land along Broadway to San Diego County.

Supervisor Henry Boney, County Roads Commissioner David K. Speer, and Assistant County Counsel Robert Berrey are scheduled to attend the meeting, along with Charles Kerch, president of the landlords' group.

According to Kerch, the meeting has been called to start work on preparation of deeds to dedicate the 35 feet of street on each side of Broadway between the county's right-of-way and the sidewalks in front of the shops.

"The property has been restricted as to building purposes," Kerch explained, "and before the county can assume responsibility for maintenance and cleaning, it will have to be deeded to the county."

Kerch urged all Broadway landlords and tenants to attend the meeting.

JUNIOR FAIR AUCTION will be a highlight of the annual San Diego County Fair at Del Mar, opening tomorrow (June 25). The auction on Wednesday will be dramatic, with young farmers selling their livestock for college money. The colorful 11-day fair will run through July 5.

Sup. Boney Loses Pool-Fence Fight

SAN DIEGO (CNA) — Second District Supervisor Henry A. Boney Tuesday lost his fight for a swimming pool fencing ordinance for unincorporated territory, but vowed that he would reintroduce the law "when we have our next drowning of a child."

Boney has been working on the ordinance since he took office in January; but he saw this work wasted because when he moved for adoption, the other four board members would not second the motion and it died.

This lack of action, has for the second time in five years, rejected the protective measure for unincorporated territory.

Boney's ordinance, in final form, would have forced pool owners who have pools on parcels of land less than 12,000 square feet to either fence the pool or install an alarm signal or protective cover for the pool.

Also killed by the lack of action, was Boney's hope to have a public hearing on the subject. Petitions containing some 1,000 names have been submitted to the county in favor of a protective measure.

Navy Enlistment Quota Raised for Summer

Chief W. T. Atkinson, the El Cajon Navy Recruiter, reported this week that 743 men will be permitted to enlist in the U. S. Navy from the Southern California-Arizona area this month because of an increase in quota to permit high school graduates to enlist in the service of their choice.

Most Navy Recruiting Offices in the area will now be open from 11 a.m. to 8 p.m. to handle the increased numbers of men who inquire about and join the Navy during the summer months. Quotas are usually higher through the summer months but can be expected to change due to the varying manpower requirements.

Young men enlisting at this time are ensured a better chance of schooling in nuclear popular fields.

Pampering Pays Off To California Dairymen

The modern cow enjoys luxuries undreamt of by her early cousins, according to Raymond F. Hansen, speaker at the 10th annual June Dairy Month Luncheon.

The barn, luxury condominium of the bovine world, is as modern as the sixties with air conditioning, soft music, stainless steel fixtures, and fiber glass flooring.

Unlike the "olden" days, not so long ago, when a hard working cow might have to face the night on a rocky pasture, today's lady of the dairy industry gets her beauty rest on a mattress. That is, right after her shower and scrubbing on her way to be milked.

The diet, too says Hansen, is tastier and more nutritious.

All this, according to Hansen, does not mean that the dairyman of the 60's is getting to be an old softy. Dairymen find that pampering the cow pays off. Southern California, the most progressive of dairy areas, Hansen cited, has the highest production record in the world.

Area Republicans Dance Saturday

The Spring Valley-Lemon Grove Republican Assemblies are sponsoring a dance Saturday at 9 p.m. to 1 a.m. at the Lemon Grove VFW hall, 2885 Imperial Ave.

Summer School Draws 700 in L.G.

Two elementary schools opened their doors Monday for five weeks to students regularly enrolled in grades one through six. Mrs. Betty Higgins, principal at both sites, announced this week that a total enrollment of over 700 is anticipated at Mount Vernon and San Miguel schools.

Subjects to be taught at each school include arithmetic, social studies, science, writing, physical education, arts and crafts, music, and literature.

Mrs. Higgins announced the following staff members for Mt. Vernon: Wiley Cornelius, Olin Martin, Gaynel Ramsey, Mrs. Fern Bowen, Sal Balderas, Joan Watz, Mrs. Doris Neely, Mrs. Constance Hale, Marion Little, and Mrs. Ruth Close. Cornelius will also serve as administrative assistant.

Instructors at San Miguel, site of the second elementary summer school, include Mrs. Annette M. A. T. e. s., Barbara Browne, Mrs. Virginia White, Mrs. Dorothy Geissler, Mrs. Gladys Jones, Robert McNeerney, Arlo Thomas, Mike Calderone, William Whitley, Mrs. Jessie Snell, Mrs. Marjorie Jones, Mrs. Joy Hanna, and Rick Stammerjohn. Stammerjohn will also act as administrative assistant.

It is a part of the San Diego County Water Authority's display at the San Diego County Fair, Fletcher said. "The Water Authority is importing a 2,500 gallon tank truck of Feather River Water six years ahead of schedule.

Dr. Jordan Detzer Transferred To Monrovia Methodist

The final sermon of Dr. Jordan Detzer will be given Sunday at the Lemon Grove Methodist Church. Beginning in July, Dr. Detzer will serve as pastor to the Methodist Church of Monrovia, Calif.

He will use as his topic, "Why God Moves Ministers" and the text will be taken from a variety of Scriptures.

Dr. Detzer, his wife and four sons, have been with the congregation in Lemon Grove for the past five years. During this time the church has grown from 300 to nearly 900 members. A new sanctuary was built and the youth program attendance has been tripled. The Bible study and prayer groups have been vastly increased.

Reception Planned. A formal reception will be held at the church Sunday to mark the transfer.

Dr. Detzer is currently the president of the Homeland pastors Association and has served within this grouping of pastors as an officer since 1960. He has also been chaplain to Angels Unaware in El Cajon, vice president of the San Diego District Methodist Ministers, on the Conference Board of Evangelism, Sub District Evangelism chairman, and an instructor in

County Budget Tops \$121 Million

SAN DIEGO (CNA) — County Supervisors Friday chiseled \$566,044 from the granite-like mass known as the 1965-66 fiscal year budget and removed only a couple of chips.

The budget for the next fiscal year will be \$121,870,652, compared with \$109 million for the present fiscal year.

Chief County Administrative Officer T. M. Heggland said the board action will make the tax rate for next year about three cents less than it would have been, but Heggland would still make no prediction on the rate. He has said it would be unrealistic to expect another cut. There have been three successive small cuts to the present \$2,131 rate.

The major causes for the jump from this year's budget are welfare, at nearly \$7 million, more public protection in all functions at \$1.4 million, general fund reserves (now gone) at \$1.5 million and roads at \$1.3 million.

Out of the near \$12 million increase, about \$5 million must come from property tax, but various revenue increases and surplus will reduce that amount. It is expected that next year the assessed valuation will rise enough, hopefully to county officials, by \$100,000,000 that a cent on the tax rate will raise about \$200,000.

Feather River Water

A sample of San Diego County's first Feather River Water was given members of the Board of Directors of Helix Irrigation District this week on Wednesday by Mr. Michael Fletcher, member of the County Water Authority Board of Directors.

"It is a part of the San Diego County Water Authority's display at the San Diego County Fair," Fletcher said. "The Water Authority is importing a 2,500 gallon tank truck of Feather River Water six years ahead of schedule.

Del Mar Grounds Set For Big County Fair To Open Tomorrow

DEL MAR — The mammoth San Diego County Fairgrounds this week took on that well-scrubbed look as a small army of carpenters, groundskeepers and executives completed preparations for tomorrow's opening of fun, mixed with education.

Agriculture and industry in the booming Southwest will put its best foot forward in exhibits at the Fair, which runs from June 25 through July 5.

Admission is \$1 for adults and 25 cents for children to 12 years old. Tots will be admitted free.

Roy Welch, manager of the big Fair, said an attendance record is expected. He said top drawer professional and amateur entertainment with hundreds of acts will be on hand. Included will be the sensational Paul Anka and vivacious Gisele MacKenzie.

More than 1,700 horses will perform in the 12-day Horse Show, which opens a day ahead of the Fair with three performances daily.

West Coast Shows of San Francisco will have a new carnival ride this year. It is the Skyliner, a cable car set up that will lift riders 25 feet above the grounds and carry them 1,200 feet in ski lift fashion.

Biggest Outdoor Production The Flower Show, always the biggest outdoor production in the West, has been given a new "rustic" look—along with new walkways, night lighting and arrangements of the attractive feature garden displays.

The swine and lamb auction starts at 2 p.m., followed by a beef sale at 6:30 p.m.

History-minded San Diegans are bemoaning the approaching loss of the Coronado ferry, but the County fairgrounds has come up with a special feature exhibit recapturing the nostalgia of the ferry which will be replaced by a bridge.

John Carr, the Fair's imaginative commercial artist, has designed and built a miniature 20 foot ferry with animated people and livestock in the exhibit entitled "Ebb Tide". It will center the big Exhibit Hall which will be full to the rafters with the valuable farm produce.

Robert Luce to Speak June 30 At the Russ

Robert B. Luce, publisher of The New Republic, will speak at a special San Diego Evening College summer lecture program June 30, at 7:30 p.m. His talk, in the Russ Auditorium, will be on "Morality in Government and Outside."

An observer in the capital for the past 20 years, Luce began his work as a staff member of a congressional committee shortly after graduation from Antioch College in 1945. Since then, he has been with nationally-known publications before joining The New Republic in 1963.

His talk is free to the public.

grown in Southern California. The number of industrial and commercial displays, has increased and pushed into exhibit areas. Homeowners will pick up new ideas in home decoration, construction and patios. As Roy Welch states "I can hardly wait to see it myself."

Four Lemon Grove Business Houses In Block Robbed

Four business establishments on Broadway within a city block of the Lemon Grove office of the Sheriff's Department were robbed of nearly \$1,000 cash sometime during the past weekend.

Places robbed and amounts of cash reported stolen are Marsh's Bootery, \$777; Keith's Record Den, \$24; Lemon Grove Radio and Appliance, \$5; and Linda's Dress Shop, \$30.

Buddie's Cleaners also was broken into, but nothing was reported stolen.

Deputies discovered the back doors of the shops had been pried open by the methodical burglar or burglars to gain entry.

Late Wednesday deputies reported there were no new developments in the case.

Arrested on Shoplifting

Edwin Mike Reynolds, 20, of 3005 Auburn, San Diego, was arrested at the Lemon Grove Mayfair Market on a shoplifting charge when store employees said they saw him stick a "fifth" of whiskey inside his clothing and leave the store without paying for it.

Illegal Alcohol

James Winslow Sunbury, 20, 7273 Central Ave., was arrested by deputies after he left Rock Liquor Store with three bottles of wine he had purchased. Officers charged that he produced an identification card with a name other than his own and showing the age as 22.

Car Cannibalized

A 1955 Buick parked in a vacant semi-commercial lot at Campo and Palm has been cannibalized of parts over the past two months, the owner, Timothy Alexander Schaff of El Cajon, reported to police. He said he parked the car there when it broke down.

Attempted Break-In

Elaine J. Wimberly, 7772 High St., told officers that someone attempted to force open her back door while she was away. A man had been seen trying to force the lock with some kind of tool by her landlord, H. L. Nottingham of 3810 Costa Bella, and also, by a neighbor, Eugene Moore.

L.G. Contractor Snags Mercy Hospital Contract for 294,347

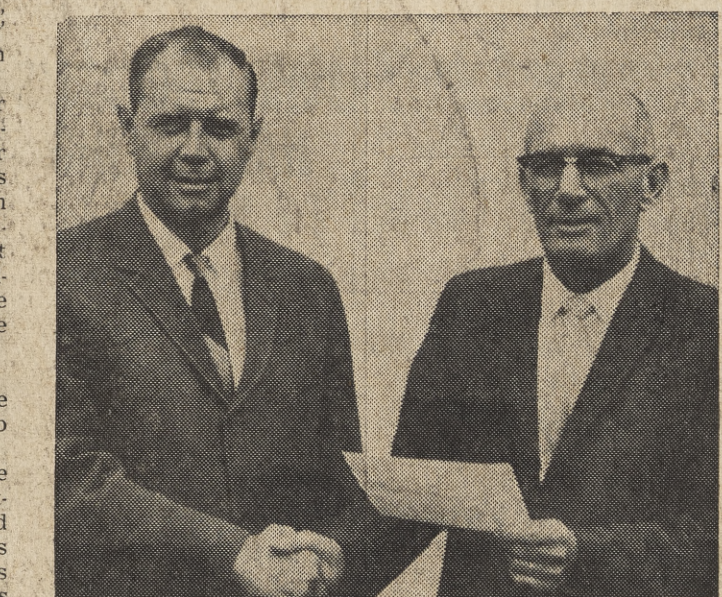

R. A. Weeks, a Lemon Grove contractor, was awarded a \$294,347 contract last week to build a 24-unit apartment building for residents and interns at Mercy Hospital. Architect for the project is Frank L. Hope and Associates.

Weeks Construction Co. started here six years ago installing sliding glass doors, room additions, and remodeling. It started taking on more commercial work and eventually began specializing in churches. The Hope Lutheran, the Lakeside Community, the Lemon Grove Lutheran, and the Palisades Presbyterian churches were built by Weeks. The Lemon Grove Fire Station and the Southcrest Recreation Center were also built. In addition, the Fowles Processing Plant and the Fletcher Hills Community Center and Swimming Pool were completed recently.

In progress is a six-unit apartment building in Lemon Grove on Golden Avenue for Bernhard Pethely.

Richard Weeks, in reviewing the progress of his firm said: "We give you these facts to back up our opinion that a 'small business' can start from scratch and grow and prosper in Lemon Grove. Don't you agree?"

We do!

FAREWELL — Cecil S. Babman (right), pastoral personnel chairman of the Lemon Grove Methodist Church, presents farewell gift to the Rev. Dr. Jordan E. Detzer as his period of service ends in Lemon Grove. Dr. Detzer takes up duties July 1 at Monrovia.

"God is love; he who dwells in love is dwelling in God, and God in him . . . There is no room for fear in love; perfect love banishes fear . . . We love because he loved us first. But if a man says, 'I love God', while hating his brother, he is a liar. If he does not love the brother whom he has seen, it cannot be that he loves God whom he has not seen . . . he who loves God must also love his brothers."

Bruce Arthur Stafford Ordained To Ministry

Forty-one men, including one from Lemon Grove, were ordained to the ministry of the Methodist Church by Bishop Gerald Kennedy recently.

The symbolic worship service marked one of the highlights of the week-long 115th session of the Southern California-Arizona Conference at the University of Redlands.

With more than 2,000 ministers and laymen in the congregation, Bishop Kennedy passed along the line of kneeling ordinands to lay his hands on each man and say "Take thou authority to preach the Word."

For Bruce Arthur Stafford, of Lemon Grove, ordination climaxes a minimum seven years of higher education—four years of college, at least three of graduate theological study, and passage through two classes of ministerial orders.

CYSTIC FIBROSIS CHAIRMEN — San Diego Fire Chief and Mrs. Ray Shukraft (far left and right) county co-chairmen, examine nebulizer used by cystic fibrosis patient with Mrs. John H. Gill (second from left), south La Mesa area chairman, and Mrs. R. John Larabee, Spring Valley chairman for the cystic fibrosis campaign, which will start July 1. It concludes with the annual children's hour — a door-to-door appeal by volunteers.

Area Chairmen Are Named In Cystic Fibrosis Drive

Mrs. John H. Gill and Mrs. R. John Larabee have been appointed area chairmen for the cystic fibrosis campaign.

Announcement of the appointments were made by Fire Chief and Mrs. Ray Shukraft, who are serving as co-county chairmen of the drive, which begins July 1.

Mrs. Gill, of 10595 Rancho Rd., will be in charge of the south La Mesa region; Mrs. Larabee, of 10351 San Carlos Dr., will handle the drive in Spring Valley.

In accepting the posts the chairmen said they were pleased to work with the hundreds of volunteers who will take part in the county drive.

"Although the picture is much brighter today for cystic fibrosis patients than it was 10 years ago, there is much yet to be done," said Mrs. Gill, who is one of the trustees of the National Cystic Fibrosis Foundation.

"By supporting the campaign each person can help enlarge the network so that care will be available to every child who has cystic fibrosis."

The battle against this inborn disease, present in approximately one in every 1,000 live births, is being waged in research laboratories throughout the county.

At the same time, an all-out

effort is being made to prolong the lives of affected children by means of early diagnosis and intensive individually tailored treatment.

The foundation, a voluntary non-profit health agency, was incorporated in 1955 to foster and coordinate efforts seeking to combat the disease.

Individual Discovery Christian Science Topic

How each individual discovers the "kingdom of heaven" is the underlying theme of a Bible Lesson on "Christian Science," which will be read at Christian Science churches on Sunday.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read: "The great miracle, to human sense, is divine Love, and the grand necessity of existence is to gain the true idea of what constitutes the kingdom of heaven in man" (p. 560).

Included in the Bible readings will be a verse from Habakkuk (2:14): "For the earth shall be filled with the knowledge of the glory of the Lord, as the waters cover the sea."

Jehovah's Witnesses Organize Convention

Officials planning a four-day district convention of Jehovah's Witnesses, July 8-11, at Balboa Stadium announced this week that organizational arrangements for the meeting have been completed.

Shield Halvajian, convention manager, said that 20 departments have been set up to insure a smooth-running and successful assembly, expected to reach at least 25,000 persons by the final day.

'Twas a Scandal in 1780s, But Was Eulalia Correct?

By PETER ODENS

SAN DIEGO, Calif.—It was a scandal, and everybody who wanted to hear all about it could get the information direct from the best source — Dona Eulalia de Fages, wife of the Governor of Alta California. Some of the records of this extraordinary affair can be found in San Diego and in Monterey, but many were destroyed in a fire which razed San Diego's old town, and they include what happened to the girl named Dolores, or Indizuela, whichever you prefer.

In 1769, the Spaniards had sent an expedition north from Mexico City to establish a mission at San Diego. Visitor General Jose de Galvez who headed the mission asked Don Pedro Fages, well known for his successful fights against the Indians of Sonora, to accompany him and take care of military affairs.

While in Spain on furlough, Fages had wooed and won the hand of the beautiful Eulalia Celis of Barcelona and the two were married while he was in Spain. A son was born in due time, but when he received orders to return to Mexico, Fages had to take leave of his wife and little Pedro. It was not until eight years later, after he had become governor of the new Spanish province of Alta California, in 1782 to be exact, that Fages could send for his wife and child.

Don's Rebels
"Barbarians!" Dona Eulalia screamed when she heard that her husband was not going to return to Spain but wanted her and Pedro to join him in the wilderness of his new home. "I will not live among the barbarians!" Nevertheless, she was eventually persuaded to leave the comfortable home of her parents in Barcelona where she was living, and to take a ship for the new world. She arrived in Loreto, Baja California, early in 1783 and was received by her loving husband who had been counting the days until he could take his wife and his little son into his arms again.

Upon the family's arrival in San Diego, Dona Eulalia found to her disgust that her most terrible dreams had come true — why, she was a virtual outcast among a nation of naked people! She resolved then and there to do something about the poor Indians and began to give many of her fine clothes to them, until Fages warned her that she might have to go naked herself if she continued to do so, because good clothes were hard to come by. This was not Spain, he told her, but a new world which was even then being opened.

This provoked another outburst on the part of the beautiful Dona Eulalia who suggested that it might be wise to return home, to Spain, as soon as possible.

AND A ROSE IS A ROSE
Many nations have selected flowers as their emblems, but some seem to have been more down-to-earth than others. The national flower of El Salvador, for example, is the white flower of the coffee tree — logical enough for a leading coffee-growing country. And the national flower of Wales is the leek, a vegetable that resembles the onion.

Costa Rica has no army.

Drunken Bums Are 'Sick Men'?

It took a small town editor to bring the morals of our time into proper focus in a surprisingly small number of words.

Editor J. M. Miller of the Dodgeville, Wis., CHRONICLE wrote about it as a "managed news" piece for his newspaper earlier this month on Freedom of the Press Day.

Miller reminded that PotP Day is a day for old-time editors to think back when they could write that a no-good so-and-so was a no-good so-and-so.

In those days young thieves were named for the protection of the community and not protected from law-abiding society.

In those days, a drunken bum was not referred to as a sick man.

In those days members of minority groups who got out of line were given the same publicity as anyone else.

There were no libel suits in those days, Miller avers. If an irate reader was bigger than the editor, the latter left town for a few days—or was carried away.

"That," he says, "was freedom of the press."

To all of which we say "amen."

The duties and responsibilities of an editor to his community is no different today than it was then. Nor is the freedom of the press less vital. It is a sad fact that this freedom is less jealously guarded in some quarters today when our government leaders are actually devising programs of ultimate total disarmament when a World Court threatens to supersede our own, and a pork barrel social "revolution" rewards those who see no evil, smell no evil, and most particularly, speak no evil, is our peril and our shame.

Freedom belongs to the people but government takes it away to bestow its own power.

Without freedom of the press, there would be little freedom, as we know it, for the people.

Nation's Conscience s Supreme Court

The Constitution of the United States as it is being interpreted by present members of the Supreme Court, provides the safeguards to freedom intended by the Founding Fathers, El Cajon Municipal Court Judge Alfred Lord told the Lemon Grove Men's Club Friday.

The Supreme Court, he said, attempt to preserve the rights of the individual and it does it as the conscience of the nation, he said.

He asked that individuals "refrain from impugning the honesty and integrity of the court" or the basis of its decisions on religion in school or reapportionment.

Explores Decisions

He explored both recent decisions by explaining that individuals have equal protection under the reapportionment decision. He cited the "one voters one vote" concept as the basis in point. The decision to deny prayers in schools was "sound" because it did otherwise would encourage state imposed religion where a large and powerful religious sect dominated the residential makeup of a school district.

In other business, the club elected Douglas Neime, a Bank of America employee, as president, replacing John Bridger. Bridger resigned because of the press of business matters.

At the same time Bob Brown, an appliance dealer, replaced Chuck Buckles as vice

California Leads Nation in Number Of Stockholders

America's shareowning population reached a new high of 20,120,000 in early 1965, more than triple the 1952 total, Keith Funston, president of the New York Stock Exchange, reported this week.

This represents a gain of 18 per cent from three years ago, when the exchange's last census of shareowners reported 17,010,000 shareholders, Funston said, and continues the average growth rate of more than one million investors a year since 1952.

California now ranks as America's largest single shareowning state with 2,540,000 investors. New York, the leader in prior shareowner studies by the New York Stock Exchange, dropped to second place with 2,407,000.

In moving to the top spot, California registered a net gain of 503,000 investors since the last NYSE Census in 1962, the largest numerical gain for any state. In the previous Exchange study, the state ranked second in total shareowners.

Population Leader
California's shareowning gain can be traced in part to the fact that the state, which is now also the leader in total population, has experienced a heavy influx of college-trained, high wage earners, as well as retired people.

Metropolitan San Diego has an estimated 147,000 shareowners, an increase of 14,500, or 11 per cent from the 132,500 reported in the previous New York Stock Exchange Census in 1962. For the state as a whole, the gain in the same period was 25 per cent.

The San Diego area currently ranks 19th in shareowning, among the nation's major metropolitan areas compared with 16th in 1962.

One out of eight persons in the San Diego metropolitan area is a shareowner, unchanged from three years ago. The state average is one out of seven.

Social Security Question Box

By Guy Deeks

If you have any questions send them to the Editor, The Lemon Grove Review, P. O. Box 127, Lemon Grove, Calif. Your question will be answered by personal letter and your name will not appear in this column.

QUESTION:

I would like to know whether my family would be entitled to benefits in the case of my death. My work under social security has been off and on. How many quarters of coverage will I need to be insured if I should die during 1965 before reaching age 65?

ANSWER:

You would need 14 quarters to be insured if you became 22 before 1951. The number of quarters of coverage required is determined by counting the number of years after 1950, or age 22 if later, up to the year of death. One quarter of coverage is required for each year in this period.

QUESTION:

A friend of mine is receiving widow's benefits from social security based on the record of her deceased husband. She is thinking of remarrying, but does not want to give up her social security benefits. Is there any provision in the social security law that would permit her continuing to receive benefits in case she should marry?

ANSWER:

When a widow remarries, her entitlement to benefits on her prior husband's record ends. However, if her second husband is receiving social security benefits, she can immediately get wife's benefits on his record. If her new husband is still working, she would become entitled to his record whenever he retires.

Letter To The Editor

Dear Editor:

In regards to your editorial on communism some two weeks back, there was a portion of it referring to an incident at Grossmont Jr. College whereby a student was reprimanded by a professor of said college and told to report before the faculty for disciplinary action for picketing and distributing anti-communist literature while a card-carrying member of the communist party was speaking in the auditorium. Since your editorial I have delved into this a little deeper, have met this student personally and have found him to be a dedicated anti-communist, a member of the Young Republicans. His statement quote, "We were not picketing his right to speak, but what he stands for." (Personally I think they should have been picketing his right to speak.) Why should the taxpayers foot the bill to listen to subversives?

It makes me wonder how the Service-Men in Viet Nam feel about being continually exposed to danger under guise of combating communism throughout the world and yet a loyal American in a tax supported college cannot encourage anti-communism. The scales of justice have slipped somewhere.

The incidents should be brought to light and the residents of this area should let their School Board members know their feelings on these issues. It seems that this "Freedom of Speech" has gone a little too far. Of course the ultra-liberal democrats would call this statement unconstitutional, etc. Seems they're doing pretty well hiding behind it.

Dear Editor:

To support and further the pilot programs of such a far-reaching endeavor as the City of Hope requires the work of many hands, the thinking of many minds and the generosity of many thousands who share with us the belief that man is, indeed, his brother's keeper.

Certainly, no gift could be more meaningful than the space your newspaper gave in helping to publicize our recent Hope Sunday drive in your area. The favorable response to our volunteer marchers was ample proof that the public had been well informed.

On behalf of all those who benefit from the free, nonsectarian services and important research at our Pilot Medical Center, please accept our sincere gratitude and thanks.

Sincerely yours,
Emanuel H. Fineman

TAX TALK

Your Income Tax Questions Answered By Wm. H. Peebles

This column is published by this newspaper as a public service. It is prepared by Los Angeles District of Internal Revenue Service on the basis of the questions the people of Southern California are asking IRS.

QUESTION:

I read a tax article recently that said that when an agent proposes an increase in taxes and the taxpayers disagree, the taxpayer can request a hearing on his case. My return is being audited by an agent and I don't agree with his proposed adjustment. How do I get this hearing?

ANSWER:

Tell the agent you don't agree with the proposed adjustments and that you would like a district audit conference. You will then receive a copy of the Revenue Agent's report along with a letter telling you how to request the conference.

The request for conference must be made within 30 days from the time you receive the letter.

QUESTION:

I am a calendar-year taxpayer who filed an estimated tax return and paid the first installment on April 15. When do I have to pay the second installment on my estimated tax?

ANSWER:

This is due on or about June 15.

QUESTION:

I recently converted my three-story home into several rental apartments. What records will I now have to keep for tax purposes?

ANSWER:

The Federal tax laws do not specify what records you should keep, only that they be sufficient to prepare a complete and accurate return. Records, cancelled checks, receipts, etc., clearly identifying dates, amounts, nature and purposes of payment and the name of the payee are usually enough to substantiate payments claimed. You must know both the cost basis and the fair market value at the time of conversion to establish a basis for depreciation. If you continue to live in the house while it is rented, you must allocate the expenses (depreciation, neat, light, repairs, etc.) between your own use and the renter's use.

QUESTION:

If my son, who is a college student, earns more than \$800 this summer will lose his exemption?

ANSWER:

No, you won't lose his exemption as long as he is under 19 years of age or qualifies as a full-time student and you provide more than one-half his support. He must attend an accredited school for at least five months during the year. The gross income test does not apply to your children are less than 19 years of age or who are students.

QUESTION:

I'm thinking about doing some free-lance work. Are there any special tax situations I might run into?

ANSWER:

Income from free-lance work is taxable just as income

Local Boy Wins Honors In Statewide Contest

Sixteen-year-old David Vertin's study in agricultural business has won statewide honors.

Vertin, of the Spring Valley 4-H Club, has been named California winner in the special farm business 4-H activity sponsored by the Agricultural Council of California. As state winner, he will accompany the California delegation to the annual meeting of the American Institute of Cooperation at the University of Missouri next month.

Vertin was one of the group of San Diego County 4-Hers who visited and analyzed the operations of local farm cooperatives, corporations, partnerships and individual farms during the past year.

"I saw the way effective marketing can benefit the farmer. I'm now trying the same ideas in selling my wool and sheep," Vertin reported.

The farm business activity for 4-H Clubs, an experimental program now in its second year in California, operated this year in San Diego, Fresno, and Glenn Counties. The year's program concluded with a quiz on farm business, on which Vertin received a perfect score of 200.

The cafeteria was transformed into an art gallery for the occasion, exhibiting painting done by PTA members or their families. "This is our way of saying thank you to our teachers and school staff," said Mrs. George Whyte, PTA president. District office personnel were also guests this year. New officers were introduced and farewells said to those leaving the school.

Honor President
On May 26, the Board honored Mrs. Whyte at a luncheon at De Angelis Restaurant in San Diego. She will continue as PTA president next year.

The honoree received a beautiful corsage and other gifts of appreciation. Guests included Mrs. A. L. Tery, mother of Mrs. Whyte; and Mrs. Pete Cretini from Louisiana who is visiting her daughter, Mrs. Earl Stelley, PTA Secretary.

WHAT'S DOING?
A cartoon illustration of a man looking at a palm tree.

La Mesa exchange telephone man John Dower has something to smile about — he is the newly elected governor of the Toastmasters International, District 5.
There are only 68 governors of Toastmasters International in the United States and Mr. Dower can be mighty proud of his achievement. John's District comprises of the San Diego and Imperial counties.
"Toastmasters, an educational institution," says John, "welcomes all men, 18 years of age or older. At the present time there are over 80 thousand members in 3,700 clubs throughout the world."
John has been a "toastmaster" for ten years and his active membership in Mt. Helix No. 126 helped the home club to become one of the top ten in the organization.
A local resident since 1948, John presently resides at 7505 Eucalyptus Hill. Happily married for 31 years, he has two daughters and three grandchildren.
Mr. Dower's coworkers at Pacific Telephone, for 24 years, extend their congratulations and wish him the utmost success in his new office at "District 5."

Cafeteria Chief Retiring June 30

Mrs. Norine Mach, superintendent of cafeterias for the La Mesa-Spring Valley District, will retire June 30 after 16 years service with the district. In 1949, she was entrusted with the operation of the district's one cafeteria facility—a lunch shack which stood near the oak tree in front of the Education Center on Date St., La Mesa. La Mesa Grammar School's cafeteria had been condemned and demolished, so she undertook the task of cooking type "A" meals in her own home kitchen, with special permission from the County Department of Health. With student assistance, she sold meals from the shack.

Fred Lance, then the business manager for the district, purchased kitchen equipment to be installed in what is now the duplicating department. In 1951 Norine was appointed supervisor of cafeterias, and that year and in 1952 she worked with other personnel to set up seven cafeterias. Today the district has 17 cafeterias.

Norine is a member of the La Mesa Optimists, the American Food Service Association and CAPSBO. She attended the University of Redlands and San Jose State, specializing in nutrition. She plays the piano, enjoys bridge and working with ceramics. She said she has no definite plans, but may go to Chicago and the World's Fair.
